💡 Using Your Clean Library

All remaining files are verified as valid and usable:

```bash
# View all valid PDFs
ls -lh sources/pdf/*.pdf

# Search markdown content
grep -r "clearing house" sources/article/*.md

# Open a specific document
open sources/pdf/httpsiucn.orgsitesdefaultfiles2024-01iucn-bbnj-treaty-policy-brief.pdf
```

✨ Summary

After cleanup, you have **15 high-quality documents** that are:

- ✅ Free from corruption
- ✅ Properly formatted (PDFs open correctly, markdown is readable)
- ✅ Relevant to your BBNJ/CHM research
- ✅ Ready for immediate use in your writing

The most critical sources (IUCN, ISA, High Seas Alliance, IDDRI) were successfully downloaded and are available for your research!
